

TOASTMASTERS INTERNATIONAL®

Eloquent Engineers Toastmasters Club 8133

The Toastmasters program will help you to:

- Develop better speaking and presentation skills
- Learn to think quickly and clearly on your feet
- Build strong leadership abilities
- Hone your listening skills

How the Program Works:

- Toastmasters provides a self-paced curriculum that can be tailored to meet your personal objectives.
- Focus on improving either your communication skills or your leadership skills
- These skills are developed in weekly meetings conducted in a relaxed atmosphere of professional camaraderie. This environment makes your toastmasters club a unique education experience – informal, yet dedicated to learning.
- At \$78 per year, the Toastmasters program is one of the most cost-effective educational programs available.
