ACEC/MN Awards Scholarships to Promising Engineering Students

Minneapolis, MN (January 31, 2008) – The American Council of Engineering Companies of Minnesota (ACEC/MN), awarded 12 engineering scholarships at a banquet held January 25, 2008.

These annual scholarship awards are given to students based on their leadership skills, school involvement, community activities, work experience, academic achievement and their understanding of the consulting engineering profession.

The ACEC/MN Minnesota scholarship recipients are:

University of Minnesota, Twin Cities

- Brian Bell, Civil Engineering
- Peter Blake, Civil Engineering
- Kirk Davis, Civil Engineering
- Jacob Folkeringa, Civil Engineering
- William Knaeble, Chemical Engineering
- Danielle Kranz, Civil Engineering
- Leah Olson, Civil Engineering
- Chris Peters, Civil Engineering
- Joseph Stansbery, Electrical Engineering
- Jacob Turgeon, Civil Engineering & Physics
- Owen Trinh, Civil & Chemical Engineering

University of Minnesota, Duluth

- Christopher Edgcumbe, Chemical Engineering

The American Council of Engineering Companies of Minnesota (ACEC/MN) www.acecmn.org, formed in 1949, is a statewide organization dedicated to enhancing the consulting engineering profession, promoting the private enterprise system and protecting the general public. ACEC/MN's 170 member firms, representing over 4,500 employees, provide services to all segments of society, including federal, state and local governments, private industry and the general public.
